PROFESSIONAL EXPERIENCE

- Present
|
2021 Jul
- **Senior Consultant, Data Analytics**
PwC Australia
- Utilised data analysis and visualisation/dashboard techniques to provide clients with powerful business insights regarding their data. This would in turn help them make informed strategic decisions. Tools used include Alteryx, SQL, Power BI, Python, R, Tableau and Qlik Sense.
- Assisted clients in the identification and management of business risks by assessing the current state, prioritising improvements and conducting projects to reduce risk, standardise and automate business processes
- Identified and remediated control and performance gaps compared to leading practice, helped clients gain business insights and achieve commercial objectives
- Worked closely with both internal and external stakeholders to initiate decisions and execute implementation that drive projects
- Provided coaching and mentoring to junior team members which help them grow
- Sydney, Australia

Finance Analyst
The University of Sydney

Sydney, Australia

 - Designed, developed and maintained standardized budget/forecast models, tools and guidelines to improve the accuracy, consistency, timeliness and quality of budgeting and forecasting throughout the Faculties and these are continued to be used across the University faculties.
- 2019
Aug
|
2018 Dec

Data Analyst
Travelzoo

Sydney, Australia

 - Built and maintained quarterly/monthly dashboard for different countries and provided ad-hoc support which provided strategic measurements for management.
- 2018 Sep
|
2017 Aug

Junior Financial Analyst
UBI Logistics (Australia) Pty Ltd

Sydney, Australia

 - Developed a procedure to analyse data, identify discrepancies and design reporting mechanism, which allow on-time and accurate measure of the company performance. This procedure is still utilized and has been able to recover more than 120,000 AUD in the past 1 year, which otherwise would be lost because of the information inaccuracy.
